Major road repairing work at Base Valcartier

September 10th 2020
2nd Canadian Division Support Base, Valcartier
Valcartier (QC)

Please note that major road and sidewalk repairing work will take place from Monday, September 14 until mid-December 2020. The work will be carried out mainly in two phases:

Phase 1 :

- Road Padré J.A. Dalcourt
- Road Jean-Brillant (from Padré J.A. Dalcourt road to the building 294)

Phase 2 :

- Road Général T.L. Tremblay (from building 513 to Joseph-Kaeble road)
- Road De La Victoire

Changes to road traffic will be reported and drivers are encouraged to use the main entrance of the Base during the first phase of the work which will last approximately four weeks. Other ad hoc repairs will take place on some roads and parking lots during the work, but will not cause significant impact for users of the Base.

To ensure the safety of all workers, drivers, pedestrians and cyclists during this period of intense work, we ask users to respect road signs, mainly near current construction sites and to be patient during their road move.
